

SUPERINTENDENT **NEWSLETTER**

April 6, 2023

April 6, 2023

Dear Gull Lake Families and Staff,

As I write this message, both Gull Lake First Robotics teams are competing in the State Championship at Saginaw Valley State University. The Devils are currently ranked 6th in the state out of 479 teams and the Angels are ranked 54th. The Devils are the only team in the state arriving at the competition having won all three of their previous competitions!

This bodes well for earning a second berth in a row at the World Championship in Houston, which would be a first for Gull Lake Robotics. Only 600 teams from around the globe are invited to this prestigious event and our students are motivated to get there by applying their very own brand of elbow grease and innovation!

We wish our Devils and Angels and their coaches the best of success in this endeavor and celebrate their ongoing achievements on this exciting journey!

GO GULL LAKE!!!

Raphael Rittenhouse/Superintendent
