

Superintendent Newsletter

June 18, 2021 – Summer Edition

Dear Gull Lake Community Schools Families and Staff,

This week I want to direct your attention to the “Fall 2021 FAQ” tab located below this newsletter link on our website landing page. Last week I talked about the learning options in place for Fall and the upcoming tab for this week. The new tab has now become a live link for the rest of the summer. This is where we will put all our updates and information in an interactive format. You can email your question to us and have the appropriate staff specialist give you the answer!

Have a great summer with family and friends, and we will be here to field any questions or concerns.

Best regards,

Raphael Rittenhouse/Superintendent
